

36" Wide 8000 Series Counter Shelving

Heaviest Counter Top In the Industry!

Reinforced 14 Gauge Steel

- Each section, 36" wide and 39" high, features a rugged steel counter top to provide a practical, useful work-surface.
- Construction and design features are identical to 8000 Series shelving on preceding pages.
- Open counter shelving is ideal for packing, assembly and inspection work, where bin openings are not required.
- Closed-counter design offers barrier-separations for partitioning off areas, plus concealed storage under the top.
- Excellent for toolrooms, repair shops, auto parts stores, warehouses, etc.
- All shelves are adjustable up or down on 1 1/2" centers.
- Tops are 21 7/16" deep for 18" counters, and 27 7/16" deep for 24" counters.

Bin Shelves For 8000 Series Shelving

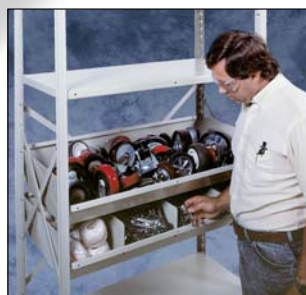

- Lyon's unique bin shelves let you combine bulk and packaged storage in one unit.
- Bin shelving storage offers new heights of convenience (and enhanced productivity) for a variety of applications — automotive parts, maintenance departments, fastener and washer storage, plumbing supplies, etc.
- Bin fronts, 3/2" high, slope toward the user, allowing easy access to contents.
- Easily retrofitted to existing shelving sections.
- Optional dividers available.

* 36" w = 600 lb. capacity

* 48" w = 560 lb. capacity

Bin Shelves can be used in both open and closed 8000 Series Shelving units as shown to the left.
