This one section three frames wide (three locker openings).

(B) Starter
Order one **No. 7132AWDP** and receive
This one section, one frame wide (one locker opening).

(B) Add-On
Order one **No. 7132AW-3DP** and receive
This one section three frames wide (six locker openings).

M.I.G. Welded, 16-Gauge Integrated Frame Construction!

Solidly built to deliver years and years of trouble-free service, these top-of-the-line lockers satisfy a wide variety of requirements — including applications in scholastic, athletic and industrial facilities.

- Lyon integrated frame construction adds strength and rigidity for longer life. M.I.G. welded 16-gauge steel bodies with heavy-duty 14-gauge steel doors.
- 18-gauge reinforcing panels welded to inside door facings.
- Durable, recessed, zinc alloy handles with snag-free nickel plated finish include padlock attachment (padlocks not included)
- Optional built-in locks available.
- Choose diamond-shaped perforations as shown, or mini-louvers (not instock)
- Single or double-tiered selections shown.
- Three, four, five and six-tier all-welded selections also available from manufacturing schedules.

COLOR INFORMATION.
These items only available in

in stock Dove Gray
Add Prefix **DD**
to Cat. No.

NOTE: In the interest of safety, Lyon strongly recommends that lockers be floor and/or wall anchored. See page 88 for important locker anchoring information.

Size	Frames	Openings	Cat. No.
(A) Single Tier Lockers

12" w x 18" d x 36" h	3	6	7134AW-3DP

Integrated Frame All Welded Locker Features

Full length **piano-hinges** maintain positive door alignment, prolong smooth operation.

Single point magnetic latch (no moving parts) is securely welded to locker body providing firm seat for repetitive door openings and closings.

Reinforcing panels, securely welded to inside door facing on 6" centers, add strength and rigidity.

M.I.G. welded base channels create solid footing beneath each locker body. Optional 4" high bases afford additional clearance below door openings, prevent accumulations of dust underneath.
