

# Cylinder Storage Cabinets

Protects gas containers from tampering or theft. All-welded construction with see-through, 13-gauge expanded metal sides and 16-gauge solid steel roof. Built-in padlock hasp accepts most locks. Cabinets hold 20-30 or 40 lb. cylinders. Vertical cylinder tank storage holds up to 200 lbs. Legs are pre-drilled for floor anchoring. Meets OSHA requirements.

Description	W x D x H	Cat. No.
<b>Horizontal Cylinder Tank Storage</b>		
Horizontal 4-Cylinder Cage	32" x 38" x 37"	43100
Horizontal 8-Cylinder Cage	32" x 38" x 70"	43101
Horizontal 12-Cylinder Cage	49" x 38" x 70"	43102
Horizontal 16-Cylinder Cage	65" x 38" x 70"	43103
<b>Vertical Cylinder Tank Storage</b>		
Vertical 8-Cylinder Cage	32" x 38" x 70"	43104
Vertical 16-Cylinder Cage	65" x 38" x 70"	43105

# Cylinder Handling Trucks

## Cylinder Trucks

### Technical/Ergonomic Features

- Standard welding cylinder trucks carry oxygen or acetylene tanks plus hose and tools for welding and cutting jobs.
- Steel tool tray stores welding and cutting tips, goggles, and gloves.
- Link chain secures tanks to truck.
- Wheel configurations are designed to handle almost all oxygen and acetylene cylinders.
- Cylinder delivery truck provides easy transport from truck to site.
- Red powder coat finish on 1" diameter tubular steel construction.

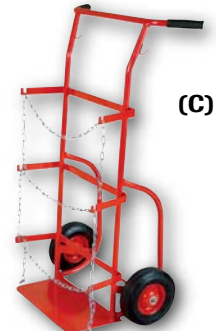

**(A) Standard Welding Cylinder Truck**

- Base plate: 12½" x 24".
  - Tank Max. Diameter- Oxygen: 9¼", Acetylene: 13½".
  - Wheels: 16 x 4" pneumatic.
  - Dimensions: 46" h x 35" w.
- No. 35310**

**(B) Standard Welding Cylinder Truck**

- Base plate: 8" x 17".
  - Tank Max. Diameter; Oxygen: 7½", Acetylene: 9¼".
  - Wheels: 10" x 1¼" semi-pneumatic.
  - Dimensions: 43½" h x 22" w.
- No. 35309**

**(C) Welding Cylinder Delivery Truck**

- Two gas cylinders capacity.
  - Base plate: 10¼" x 18¼".
  - Tank Max. Diameter- Oxygen: 9¼", Acetylene: 10¼".
  - Wheels: 10 x 2½" semi-pneumatic.
  - Dimensions: 48½" h x 22½" w.
- No. 35313**

# Drum Handling Trucks

Steel Drum and Poly Drum Truck allows operator to tilt and lower a full drum to its horizontal position for dispensing or storage. Both are equipped with kickstand for upright storage, an adjustable chime hook and long wearing beveled steel drum shoes.

**COLOR INFORMATION**

Baked on red powder finish.

**Steel Drum Truck - 4 Wheel Truck/Dispenser**

- Truck Dimensions: 56½" h x 24" w.
  - Wheel type: Mold-on rubber.
  - Wheel Dimensions: 10½" x 2¼" front, 6" x 1½" rear.
  - 4 polyolefin rollers easily rotate drum for positioning faucet over a container.
  - Capacity: 1000 lbs.
- No. 35316**

**Poly Drum Truck - 4 Wheel Truck/Dispenser**

- Truck Dimensions: 58½" h x 24" w.
  - Wheel type: Mold-on rubber.
  - Wheel Dimensions: 10" x 2½" front, 6" x 1½" rear.
  - Capacity: 1000 lbs.
- No. 35315**
