

# Pre-Engineered Bulk Storage Rack ...

Designed for the hand-loading of intermediate weight bulky items, this versatile rack system can be used in hundreds of storage applications. In addition to storing cartoned merchandise in shipping and receiving departments, it can be used for display racking in furniture and department stores, for storage of medical and dietary supplies in hospitals and more. And, Lyon bulk storage rack integrates with Lyon 8000 Series shelving for a complete storage system. Heavy-duty 14-gauge steel beams included.

In the interest of safety, Lyon recommends floor anchoring racks that are 72" or higher. See page 159.
